Heading is not bold

Vision

To be the leading private university in Kuwait and the region; to promote innovation and academic excellence, and to contribute to the educational and economic development in Kuwait and the GCC region.

Mission

- Creating a learning experience that increases the knowledge, skills, and professional ethics of a new generation of future graduates.
- Preparing distinguished, qualified, and specialized graduates in different disciplines through different means of education and training.
- Helping in elevating society's status economically, socially, and professionally.
